

www.polocrosse.org.uk

Dear all

I have contacted AQA and Edexcel examination boards to ask if Polocrosse can be added to their list of sports for O and A level PE. If you are studying PE at either GCSE or AS/A level and would like to use polocrosse as one of your specified sports please can you speak to your PE teacher and ask them to contact the examination board to request that polocrosse be added.

I have today had a reply from AQA to say they will look into including polocrosse, I have yet to hear from Edexcel.

If anyone is studying PE with a different examination board please let me have the details and I will contact them as well.

Regards

Chris
